BEST AUTHORITY® “TAKES THE DREAD OUT” OF CREATING A TABLE OF AUTHORITIES FOR STINSON MORRISON HECKER

Leesburg, VA – Feb. 1, 2010...[Levit & James, Inc. \(www.levitjames.com\)](http://www.levitjames.com) has announced that national law firm [Stinson Morrison Hecker LLP \(www.stinson.com\)](http://www.stinson.com) has implemented its [Best Authority®](#) software. Best Authority significantly cuts the time it takes to create a [Table of Authorities](#), saving the firm and its employees both time and peace of mind.

Stinson Morrison Hecker Technical Education Specialist and Document and Data Center Supervisor Virginia Quigley was a beta tester for the original version of Best Authority. Impressed with how user-friendly the software was, Stinson Morrison Hecker's IT professionals immediately started working to roll out the software.

“Whenever I train a secretary or paralegal to use the product, they find it extremely easy to learn. Attorneys are also always impressed with how little time it takes to create a TOA with Best Authority. Best of all, if there is a final review of the document, I can still get it out the door quickly,” Quigley says.

According to Marilyn Kopper, a legal secretary in Stinson Morrison Hecker's Wichita, Kansas office, “Best Authority cuts a five or six hour process down to an hour. It takes the dread out of creating the document, and the lawyers love it.”

Levit & James Vice President Ian Levit said, “Levit & James is pleased to be making Stinson Morrison Hecker employees' lives and daily workload a little bit easier, quicker and less painful.”
